

WELCOME

STEP 1

Download or **Update** the App.
Click on the applicable store icon below or search for "Secure Access" on your device's app store.
If you already have the Secure Access App you do not need to download it again it will just update.

YOUR ESTATE APP DOWNLOAD

Secure Access

This app is free

STEP 2

Register yourself by using your mobile number

STEP 3

Enter OTP sent to you to complete your registration

STEP 4

Please enroll your picture for biometric access. Under the **Settings** tab, click on the grey circle next to your name and upload your photo.

inspired

We are implementing a new access Management solution.
You can now take control of granting access to visitors with the secure access. LET'S GET STARTED.
